FactSet StreetAccount

Filter out the noise and quickly access relevant, real-time news about the companies and markets you care about with FactSet StreetAccount.

ACCESS INSIGHTFUL, REAL-TIME COMPANY NEWS
FactSet StreetAccount delivers comprehensive U.S., Canadian, European, and expanding Asia Pacific coverage, by scanning all possible sources for corporate news. For individual companies, easily find the insight you need to make quick decisions or explain a stock’s movement. Leverage our full news archives for deeper analysis.

Our writers include former portfolio managers, traders, analysts, and economists. They use their collective market expertise to report only those stories that are new and material, providing context where applicable, for an intelligent perspective. FactSet StreetAccount provides Earnings Previews and Conference Call Guidance in addition to Street Takeaways, which summarize broker comments following major news events such as earnings, M&A, analyst presentations, and other company events.

Sources of coverage include (but are not limited to):
- Brokerage firm research
- Company press releases
- Corporate conference calls and presentations
- Court rulings
- FDA and EU drug approvals
- FTC antitrust decisions
- Stories released by social media, newspapers, and television
- SEC filings
- Trading floor conjecture
- Twitter
READ LIVE MARKET UPDATES & SUMMARIES
Get up to speed on the market conversation within seconds of arriving at your desk with FactSet’s Today’s Top News page and around-the-clock market summaries of U.S., Canadian, European, and Asian markets in addition to 11 different sectors. Skim market synopses, top stories, economic data, your portfolio news, and most clicked third-party links. Content is monitored 24 hours a day during the market week and constantly refreshed by the FactSet StreetAccount team.

Market commentary includes:
- Overnight summary snapshots
- Political highlights
- Pre-market futures trading updates
- Pre-market, intraday, and after-hours stock trading information
- Sector highlights
- Updates on key global indicators

MANAGE YOUR NEWS FLOW ON PLATFORM AND VIA ALERTS
News from FactSet StreetAccount can be filtered so that you see only news that is relevant to your interests.

Create custom filters for the following:
- Stocks
- Company filters and market topics
- Keywords and phrases

Create alerts to notify you when a news story from StreetAccount matches your specified criteria. Customize email alerts to deliver stories as they are released in real time or batched every couple of hours.

TRACK COMPANY EVENTS
Analyze conference call transcripts and research important details about public companies’ corporate events using FactSet’s event calendar. Quickly view the dates and times, access numbers and passwords, and investor relations contact information for thousands of companies’ conference calls worldwide. Access company transcripts, audio, presentation slides, IR contacts, and EPS/Sales consensus and actual figures.

STAY UP-TO-DATE ON PRESCRIPTION DRUGS, BIOLOGICS, AND PIPELINE CANDIDATES
Access relevant and current information on prescription drugs, biologics, and pipeline candidates with StreetAccount’s Drug database.
- Analyze a company’s drug offerings with detailed company views that are broken down by branded, generic, and pipeline categories
- Conduct deep research by drilling into patent expirations, revenue by drugs, and upcoming events
- Gain a holistic picture of the competitive drug landscape with partner and competitor information, patents, and list of approved and branded drugs for different indications
- Find and prioritize upcoming drug event data, filterable by event type/phase of clinical trial
